National Curriculum assessments

Introduction

The Standards and Testing Agency (STA) is responsible for the development and delivery of Key Stage 2 statutory tests and assessments in 2013. STA is an executive agency of the Department for Education.

This booklet contains the mark schemes for the level 6 English grammar, punctuation and spelling test which consists of Paper 1: extended task, Paper 2: short answer questions and Paper 3: spelling task. These mark schemes are used by expert markers and are available to teachers for information. Level threshold tables will be available at www.education.gov.uk/KS2 from Tuesday 9 July 2013.

This test contains a total of 50 marks.

The extended task contains a total of 14 marks.

The short answer paper contains a total of 21 marks.

The spelling task contains a total of 15 marks.

The original mark schemes were written alongside the questions, but many examples used in the mark schemes were taken subsequently from trialling scripts. The mark schemes indicate the criteria on which judgements should be made. In applying these principles markers use professional judgement based on the training they have received.

The level 6 English grammar, punctuation and spelling test assesses elements of the key stages 2 and 3 National Curriculum for English. Details about what is assessed in this test are presented in these mark schemes. Further information about which elements are assessed can be found in the English grammar, punctuation and spelling test framework at www.education.gov.uk/KS2.

The English grammar, punctuation and spelling test mark schemes

Structure of the short answer mark schemes

The marking information for each of the short answer questions is set out in the form of tables, which start on **page 18** of this booklet.

The 'Question' column on the left-hand side of each table provides a reference to the question number and question part. This column also gives a reference linking it to the National Curriculum.

The 'Requirements' column may include two types of information:

- A statement of the requirements for the award of each mark, shown by a square.
- Examples of some different types of correct response, shown by a bullet and italic formatting.

The 'Mark' column indicates the total number of marks available for each question part.

The 'Additional guidance' column provides information about any alternative acceptable responses, as well as an explanation of responses that are not acceptable.

General guidance on marking the spelling task is given on page 22.

Application of the short answer mark schemes

In order to ensure consistency of marking, the most frequent procedural queries are listed on **pages 8–9** along with guidance about what the markers should do. Unless otherwise specified in the mark schemes, markers will apply the guidance in all cases.

Mark allocation in the English grammar, punctuation and spelling test

The following table summarises the number of marks in the 2013 level 6 test assessing each area:

| Assessment area | Number of marks |
|----------------------------|-----------------|
| Grammar | 22 |
| Punctuation | 7 |
| Vocabulary and appropriacy | 6 |
| Spelling | 15 |
| Total marks | 50 |

Paper 1: extended task

The writing is assessed according to three strands, made up of: sentence structure and punctuation (SSP), text structure and organisation (TSO) and appropriacy and vocabulary (AV). The programme of study references detailed on **pages 6–7** are organised for this task in terms of the assessment focuses as follows:

Assessment focuses for the extended task

The assessment focuses¹ assess children's ability to:

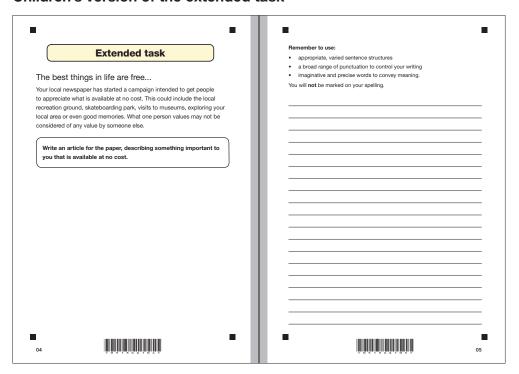

- AF2 Produce texts which are appropriate to the task, reader and purpose
- AF3 Organise and present whole texts effectively, sequencing and structuring information, ideas and events
- AF4 Construct paragraphs and use cohesion within and between paragraphs
- AF5 Vary sentences for clarity, purpose and effect
- AF6 Write with technical accuracy of syntax and punctuation in phrases, clauses and sentences
- AF7 Select appropriate and effective vocabulary
- AF8 Use the correct spelling.

The strands are organised in the following way:

| Assessment area | Mark scheme strand | Assessment focuses ¹ | Marks available |
|----------------------------------|-----------------------|---------------------------------|-----------------|
| Sentence structure & punctuation | SSP | AF5 AF6 | 6 |
| Text structure & organisation | TSO | AF3 AF4 | 4 |
| Appropriacy & vocabulary | AV | AF2 AF7 | 4 |
| | | Total marks | 14 |

Examples of children's work and marking points are given on pages 12–17.

Children's version of the extended task

¹AF1: Write imaginative and thoughtful texts no longer constitutes part of the mark scheme criteria as the task's focus is on grammar, punctuation, vocabulary and appropriacy. AF1 will be assessed by teacher assessment of children's compositional writing only.

Paper 2: short answer section

The tables on these pages summarise the sampled areas of the English programme of study at Key Stage 3 that are assessed in the English grammar, punctuation and spelling test. The reference codes in the right-hand column below are given in the 'Question' column in the short answer mark schemes.

Short answer question classification

The level 6 test will assess the appropriate knowledge and skills of the Key Stage 2 programme of study as identified in both the mark schemes for the levels 3–5 test and in the test framework. Consistent with other National Curriculum tests at this level, it will sample additionally from the Key Stage 3 programme of study in the following areas:

Marking specific types of short answer question

Summary of additional guidance

The following guidance applies to all questions in the short answer paper. Please read this carefully before applying the individual mark schemes.

| Question type | Accept | Do not accept |
|--|---|---|
| Tick boxes | Any unambiguous indication of the correct answer, eg: The box is crossed rather than ticked The correct answer is circled rather than ticked. | Responses in which more than the required number of boxes has been ticked. |
| Underlining clauses / phrases / other text | Underlining of the full required text, with or without surrounding punctuation. Responses in which more than half of a required word is underlined. | Responses in which only part of the required text, or less than half of a required word, is underlined. Responses in which any additional words are underlined. |
| Circling of the answer | Any unambiguous indication of the correct answer, eg: The answer is underlined The answer is enclosed within a box. Responses in which more than half of a required word is encircled. | Responses in which more than the required number of words has been circled. Responses in which the correct answer is encircled, together with more than half of any surrounding words. |
| Drawing lines to 'match' boxes | Lines that do not touch the boxes, provided the intention is clear. | Multiple lines drawn to / from the same box (unless this is a question requirement). |
| Labelling of parts of speech | Clear labels, whether they use the full vocabulary required by the question, or an unambiguous abbreviation, eg: 'V' for 'verb'. | Ambiguity in labelling, eg: the use of 'noun' or 'CN' where a distinction is required between 'collective noun' and 'common noun'. |

Short answer questions: further marking guidance

| What if | Accept | | | | |
|---|---|--|--|--|--|
| the answer is correct but spelling is inaccurate? | Where no specific mark scheme guidance is given, incorrect spellings of the correct response are creditworthy, provided the intention is clear to the marker. The single exception to this is when marking contractions, which must have correct spelling and placement of apostrophes. | | | | |
| | In any other questions in which correct spelling is required in order to assess children's understanding of the curriculum focus, mark scheme guidance will state the need for correct spelling, and will list any acceptable alternatives. | | | | |
| | If specific grammatical terminology is required in the answer, a misspelling must, in order to be creditworthy, be a phonetic approximation of the required word, with the major syllables of the correct word represented in the answer. | | | | |
| the child's response does not match closely any of the examples given? | Illustrative examples of children's responses to questions are sometimes given; however, markers will use the marking principles to make a judgement about the award of marks. If uncertain, markers will escalate the issue to a more senior colleague. | | | | |
| no answer is given in the expected place, but | If a child leaves an answer box empty, but then writes their response elsewhere, it is still creditworthy, providing: | | | | |
| the correct answer is given elsewhere? | it meets any relevant criteria in this guidance and in the question-specific mark scheme; and | | | | |
| | it is not contradicted by any other attempt at the answer written elsewhere (see 'more than one answer is given'). | | | | |
| | This includes where children 'fill in the blank' within a question when they are expected to write or tick their answer below it. | | | | |
| the correct answer has been crossed out | Any legible crossed-out work that has not been replaced will be marked according to the mark schemes. | | | | |
| and not replaced? | If the answer has been replaced by a further attempt, the crossed-out work will not be considered. | | | | |
| more than one answer is given? | If all answers given are correct according to the mark scheme, the mark will be awarded. | | | | |
| | If both correct and incorrect responses are given, no mark will be awarded. | | | | |

Paper 3: spelling task

In addition to the content from the Key Stage 2 programme of study, the following content is sampled from the Key Stage 3 programme of study for English:

Key Stage 3 programme of study reference

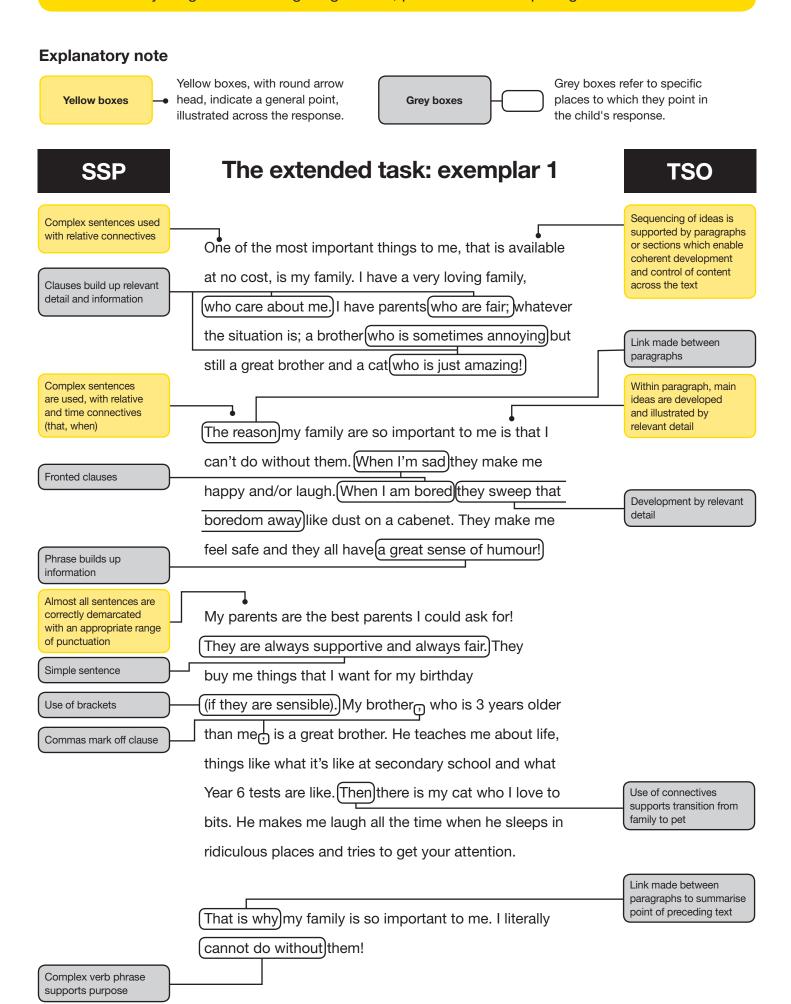

2.3w Pupils should be able to spell correctly, increasing their knowledge of regular patterns of spelling, word families, roots of words and derivations, including prefixes, suffixes and inflections.

Spelling task mark schemes

Guidance for marking the spelling component

The following conventions should be followed when marking spelling:

- If more than one attempt is made, it must be clear which version the child wishes to be marked.
- If two attempts are made and it is not clear which one is to be considered, the mark is not awarded.
- Spellings can be written in upper or lower case, or a mixture of the two.
- If a word has been written with the correct sequence of letters but these have been separated into clearly divided components, with or without a dash, the mark is not awarded.
- If a word has been written with the correct sequence of letters but an apostrophe or hyphen has been inserted, the mark is not awarded.
