# Introduction

The Standards and Testing Agency (STA) is responsible for the development and delivery of statutory tests and assessments. The STA is an executive agency of the Department for Education (DfE).

This booklet contains the mark schemes for the assessment of level 6 English grammar, punctuation and spelling. Level threshold tables will be available at www.education.gov.uk/ks2 from Tuesday 8 July, 2014.

The level 6 English grammar, punctuation and spelling test is made up of three papers and contains a total of 50 marks. The three papers are:

Paper 1: extended task (14 marks)Paper 2: short answer paper (21 marks)Paper 3: spelling task (15 marks)

As in previous years, external markers will mark the key stage 2 national curriculum tests. The mark schemes are also made available to inform teachers.

The mark schemes were written and developed alongside the questions. Children's responses from trialling have been added as examples to the mark schemes to ensure they reflect how children respond to the questions. The mark schemes indicate the criteria on which judgements should be made. In applying these principles, markers use professional judgement based on the training they have received.

The English grammar, punctuation and spelling test assesses elements of the key stage 2 national curriculum for English. Details about what is assessed in this test are presented on pages 6, 7, 10, 12 and 13 of this mark scheme booklet. Further information about what is assessed in this test can be found in the English grammar, punctuation and spelling test framework at www.education.gov.uk.

# The English grammar, punctuation and spelling test mark schemes

#### Structure of the short answer questions mark scheme

The marking information for each question is set out in tables, which start on page 20 of this booklet.

The '**Question**' column on the left-hand side of each table provides a reference to the question number and question part. This column also gives a reference linking it to the national curriculum.

The 'Requirements' column may include two types of information:

- A statement of the requirements for the award of each mark, shown by a square.
- Examples of some different types of correct response, shown by a bullet and italic formatting.

The 'Mark' column indicates the total number of marks available for each question part.

The 'Additional guidance' column provides information about any alternative acceptable responses, as well as an explanation of responses that are not acceptable.

General guidance on marking the spelling task is given on page 24.

#### Application of the short answer questions mark scheme

In order to ensure consistency of marking, the most frequent procedural queries are listed on **pages 8–9** along with guidance about what the markers should do. Unless otherwise specified in the mark schemes, markers will apply the guidance in all cases.

#### Mark allocation in the English grammar, punctuation and spelling test

The following table summarises the number of marks in the 2014 level 6 test assessing each area:

Assessment area	Number of marks
Grammar	21
Punctuation	7
Vocabulary and appropriacy	7
Spelling	15
Total marks	50

### Paper 1: extended task

The writing is assessed according to three strands, made up of: sentence structure and punctuation (SSP), text structure and organisation (TSO) and appropriacy and vocabulary (AV).

#### Assessment focuses for the extended task

The programme of study references detailed on **pages 12–13** are organised for this task in terms of the assessment focuses.

The assessment focuses<sup>1</sup> assess children's ability to:

AF2 Produce texts which are appropriate to the task, reader and purpose

AF3 Organise and present whole texts effectively, sequencing and structuring information, ideas and events

AF4 Construct paragraphs and use cohesion within and between paragraphs

AF5 Vary sentences for clarity, purpose and effect

AF6 Write with technical accuracy of syntax and punctuation in phrases, clauses and sentences

AF7 Select appropriate and effective vocabulary

AF8 Use the correct spelling.

#### The strands are organised in the following way:

Assessment area	Mark scheme strand	Assessment focuses <sup>1</sup>	Marks available
Sentence structure & punctuation	SSP	AF5 AF6	6
Text structure & organisation	TSO	AF3 AF4	4
Appropriacy & vocabulary	AV	AF2 AF7	4
	•	Total marks	14

Examples of children's work and marking points are given on pages 14–19.

#### Children's version of the extended task

	Remember to use:
Extended task	appropriate, varied sentence structures
Save our screens!	a broad range of punctuation to control your writing     imaginative and precise words to convey meaning.
A national newspaper is running a campaign to encourage people to give up watching television, playing on computers and using mobile phones for a whole month.	You will not be marked on your spelling.
They want to publish different people's views, including an article from a young person to explain what they think of the campaign.	
Your task is to write a short article for a national newspaper, giving your views about the campaign and explaining why you are for or against the idea.	
Page 4 of 8	Page 5 of 8

<sup>1</sup>**AF1: Write imaginative and thoughtful texts** no longer constitutes part of the mark scheme criteria, as the task's focus is on grammar, punctuation, vocabulary and appropriacy. AF1 will be assessed by teacher assessment of children's compositional writing only.

## Paper 2: short answer questions

The tables on these pages summarise the sampled areas of the English programme of study at key stage 3 that are assessed in the English grammar, punctuation and spelling test. The reference codes in the right-hand column below are given in the 'Question' column in the short answer mark schemes.

#### Short answer questions classification

The level 6 test will assess the appropriate knowledge and skills of the key stage 2 programme of study as identified in both the mark schemes for the levels 3–5 test and in the test framework. Consistent with other national curriculum tests at this level, it will sample additionally from the key stage 3 programme of study in the following areas:

## Marking specific types of short answer question

#### Summary of additional guidance

The following guidance applies to all questions in the short answer component. Please read this carefully before applying the individual mark scheme entries.

Question type	Accept	Do not accept
Tick boxes	<ul> <li>Any unambiguous indication of the correct answer, eg:</li> <li>The box is crossed rather than ticked.</li> <li>The correct answer is circled rather than ticked.</li> </ul>	Responses in which more than the required number of boxes has been indicated.
Underlining clauses / phrases / other text	Underlining of the full required text, with or without surrounding punctuation. Responses in which more than half of a required word is underlined.	Responses in which only part of the required text, or less than half of a required word, is underlined. Responses in which any additional words are underlined.
Circling of the answer	<ul> <li>Any unambiguous indication of the correct answer, eg:</li> <li>The answer is underlined.</li> <li>The answer is enclosed within a box.</li> <li>Responses in which more than half of a required word is encircled.</li> </ul>	Responses in which more than the required number of words has been indicated. Responses in which the correct answer is encircled, together with more than half of any surrounding words. Responses in which less than half of a required word is encircled.
Drawing lines to 'match' boxes	Lines that do not touch the boxes, provided the intention is clear.	Multiple lines drawn to / from the same box (unless this is a question requirement).
Labelling of parts of speech	Clear labels, whether they use the full vocabulary required by the question or an unambiguous abbreviation, eg: 'V' for 'verb'.	Ambiguity in labelling, eg: the use of 'noun' or 'CN' where a distinction is required between 'collective noun' and 'common noun'.
Writing sentences	A sentence that has, as a minimum, a capital letter and an appropriate punctuation mark delineating the end of the sentence. Capital letters must be clear and unambiguous for the award of the mark. Where letters do not have unique capital letter forms, the height of the capital letter will be similar to, or greater than, that of letters with ascenders, and clearly greater than the height of letters that do not have ascenders. For example, in the word 'What', the height of the capital letter 'W' should be similar to, or taller than, the 'h'.	Ambiguity in the comparative sizes of letters; capital letters placed inappropriately within a sentence; when an entire word is capitalised (even if the child is using the capitalised word for emphasis). The incorrect use of capitals will negate an otherwise correct response.

Question type	Accept	Do not accept
Punctuation	Punctuation must be appropriate for the context, clear and unambiguous for the award of the mark. This means that the punctuation mark should be visible to the marker, its formation should be recognisable as the intended punctuation mark, and its position in relation to text or other punctuation must be correct and clear.	Where punctuation marks could be more than one thing, such as a misplaced or low apostrophe / high comma, credit will not be given.

### Short answer questions: further marking guidance

What if	Accept
the answer is correct but spelling is inaccurate?	Where no specific mark scheme guidance is given, incorrect spellings of the correct response are creditworthy, provided the intention is clear to the marker. The single exception to this is when marking contractions, which must have correct spelling and placement of apostrophes.
	In any other questions in which correct spelling is required in order to assess children's understanding of the curriculum focus, mark scheme guidance will state the need for correct spelling, and will list any acceptable alternatives.
	If specific grammatical terminology is required in the answer, a misspelling must, in order to be creditworthy, be a phonetic approximation of the required word, with the major syllables of the correct word represented in the answer.
the child's response does not match closely any of the examples given?	Illustrative examples of children's responses to questions are sometimes given; however, markers will use the marking principles to make a judgement about the award of marks. If uncertain, markers will escalate the issue to a more senior colleague.
no answer is given in the expected place, but	If a child leaves an answer box empty, but then writes their response elsewhere, it is still creditworthy, providing:
the correct answer is given elsewhere?	<ul> <li>it meets any relevant criteria in this guidance and in the question- specific mark schemes; and</li> </ul>
	it is not contradicted by any other attempt at the answer written elsewhere (see 'more than one answer is given').
	This includes where children 'fill in the blank' within a question when they are expected to write or tick their answer below it.
the correct answer has been crossed out	Any legible crossed-out work that has not been replaced will be marked according to the mark schemes.
and not replaced?	If the answer has been replaced by a further attempt, the crossed-out work will not be considered.
more than one answer is given?	If all answers given are correct according to the mark scheme, the mark will be awarded.
	If both correct and incorrect responses are given, no mark will be awarded.

## Paper 3: spelling task

#### Key stage 2 programme of study references

En3.2 Language strategies

#### Pupils should be taught to:

En3.2d: proofread – check the draft for spelling and punctuation errors, omissions and repetitions.

#### En3.4a-j Spelling

#### Pupils should be taught:

En3.4 Spelling strategies

a: to sound out phonemes

b: to analyse words into syllables and other known words

c: to apply knowledge of spelling conventions

- d: to use knowledge of common letter strings, visual patterns and analogies
- e: to check their spelling
- f: to revise and build on their knowledge of words and spelling patterns.

#### En3.4 Morphology

g: the meaning, use and spelling of common prefixes and suffixes

h: the spelling of words with inflectional endings

i: the relevance of word families, roots and origins of words

**j:** the use of appropriate terminology, including vowel, consonant, homophone and syllable.

Key stage 3 programme of study reference

In addition to the content from the key stage 2 programme of study, the following content is sampled from the key stage 3 programme of study for English:

**En2.3w** Pupils should be able to spell correctly, increasing their knowledge of regular patterns of spelling, word families, roots of words and derivations, including prefixes, suffixes and inflections.

no answer is given in the expected place, but	If a child leaves an answer box empty, but then writes their response elsewhere, it is still creditworthy, providing:
the correct answer is given elsewhere?	<ul> <li>it meets any relevant criteria in this guidance and in the question- specific mark schemes;</li> </ul>
	<ul> <li>it is not contradicted by any other attempt at the answer written elsewhere (see 'more than one answer is given'); and</li> </ul>
	it is clear which question they are attempting to answer.
the correct answer has been crossed out	Any legible crossed-out work that has not been replaced will be marked according to the mark schemes.
and not replaced?	If the answer has been replaced by a further attempt, the crossed-out work will not be considered.
more than one answer is given?	If all answers given are correct according to the mark scheme, the mark will be awarded.
	If both correct and incorrect responses are given, no mark will be awarded.
	If a child has attempted to spell a word in a number of different ways anywhere else on the answer booklet and the correct spelling is in or near the answer space, the attempts written elsewhere can be disregarded.

# **Spelling task mark scheme**

#### Guidance for marking the spelling task

The following conventions should be followed when marking the spelling task:

- If more than one attempt is made, it must be clear which version the child wishes to be marked.
- If two attempts are made and it is not clear which one is to be considered, the mark is not awarded.
- Spellings can be written in upper or lower case, or a mixture of the two.
- If a word has been written with the correct sequence of letters but these have been separated into clearly divided components, with or without a dash, the mark is not awarded.
- If a word has been written with the correct sequence of letters but an apostrophe or hyphen has been inserted, the mark is not awarded.
