1. Introduction

The Standards and Testing Agency (STA) is responsible for the development and delivery of statutory tests and assessments. STA is an executive agency of the Department for Education.

The 2024 tests assess the national curriculum. This test has been developed to meet the specification set out in the [test framework](#)¹ for English grammar, punctuation and spelling at key stage 2.

A new test and new mark schemes will be produced each year.

Key stage 2 tests are marked by external markers, who receive training to ensure the mark schemes are applied consistently and fairly. The mark schemes are provided to show teachers how the tests are marked. The pupil examples are based on responses gathered from the test trialling process.

Scaled score conversion tables are not included in this document. Conversion tables will be produced as part of the standards maintenance process. [Scaled score conversion tables](#)² for the 2024 tests will be published in July 2024. The standards confirmation meeting will take place in July 2024.

2. Structure of the test

The key stage 2 English grammar, punctuation and spelling test comprises:

- Paper 1: questions (50 marks)
- Paper 2: spelling (20 marks)

3. Content domain coverage

The 2024 test meets the specification in the test framework. Tables 1 and 3 set out the areas of the content domain that are assessed in Paper 1 and Paper 2.

4.2 General marking guidance for Paper 1: questions

To ensure consistency of marking, the most frequent procedural queries are listed in Table 2, along with the action the marker will take.

Recording marks awarded

Marking takes place on screen, with markers viewing scanned images of pupils' responses. Marks are entered into the marking system in accordance with the guidance for the on-screen marking software.

For each question, markers record the award of 1 or 0 marks as appropriate, according to the mark scheme criteria. There is provision in the software to record questions not attempted. The software aggregates marks automatically.

The following guidance applies to all questions in Paper 1.

Table 2: General marking principles for Paper 1

Question Type	Accept	Do not accept
Tick boxes and tables	- any unambiguous indication of the correct answer, for example: - the box is crossed rather than ticked - the correct answer is circled rather than ticked	answers in which more than the required number of boxes have been ticked
Circling or underlining of the answer	any unambiguous indication of the correct answer, such as the answer being enclosed within a box	- answers in which more than the required number of words have been circled or underlined - answers in which the correct answer is circled or underlined, together with any surrounding words
Drawing lines to 'match' boxes	lines that do not touch the boxes, provided the intention is clear	multiple lines drawn to or from the same box (unless this is a question requirement)
Labelling	clear labels, whether they use the full vocabulary required by the question or an unambiguous abbreviation, for example, 'V' for 'verb'	ambiguity in labelling, for example, the use of 'AD' or 'A' where a distinction is required between 'adjective' and 'adverb'

Question Type	Accept	Do not accept
Punctuation	correctly formed punctuation that is clear, unambiguous and recognisable as the required punctuation mark	punctuation that is ambiguous, for example, if it is unclear whether the mark is a comma or full stop
Sentences and capital letters	- a sentence that has an initial capital letter and an appropriate punctuation mark indicating the end of the sentence - capital letters that are clear and unambiguous Where letters do not have unique capital letter forms, the height of the capital letter will be equal to, or greater than, that of letters with ascenders.	answers in which capital letters are omitted or placed inappropriately in a sentence, or where an entire word is capitalised
Spelling	incorrect spellings of the correct response if no specific mark scheme guidance is given	incorrect spellings of answers for which the mark scheme requires correct spelling Correct spelling is required for the award of the mark for the majority of questions in Paper 1, especially for questions assessing contracted forms, verb forms, plurals, prefixes and suffixes.

Question Type	Accept	Do not accept
Answers outside the expected space	- a correct answer given somewhere other than the answer space, provided it is not contradicted by another answer written elsewhere - correct answers that are written in the 'blank' within a question, rather than in the expected space below it - correct answers in which the pupil has written out a word or sentence that is already provided	answers that are given outside the expected space and contradicted by another answer written elsewhere
More than one answer given	multiple answers that are all correct according to the mark scheme	responses where both correct and incorrect answers are given
Handwriting	answers that are clear, unambiguous and recognisable, including letters that have been reversed, but which are still clearly identifiable to the marker	answers that are unclear or ambiguous
Crossed-out answers	correct answers that replace a crossed-out attempt	crossed-out answers

4.3 Explanation of the mark schemes for Paper 1: questions

The mark schemes contain the following information for each question:

- the question number
- the question from the test paper
- what is required to answer each question – either a correct answer or examples of different types of creditworthy response
- how many marks are available for the question
- any additional guidance that may be relevant
- the content domain reference
